

LCN Senior Swing

Smarter Swing. *No Sweat.*

Easy to install and easy to maintain, the LCN Senior Swing is the automatic door operator **BUILT TO SAVE YOU TIME**. From the fully loaded controller to our innovative AdaptivIQ technology, this self-adjusting operator allows you to minimize seasonal adjustments, reduce nuisance calls, and enjoy smooth, consistent operation.

Key Features

ADAPTIVIQ

Built-in technology allowing the door to **automatically adjust** to environmental factors and maintain the consistent opening and closing characteristics

SMART POWER BOOST

Latching technology with the **intelligence to engage and disengage** so that additional force is only applied when required, reducing the risk of slamming

FULLY-LOADED CONTROLLER

23 User-Adjustable features, a backlit LCD screen, detailed setting descriptions, a self-calibration cycle and real-time diagnostics
